Want to compare APPLES with APPLES?

Dinky Di Sheds quote according to the Australian Steel Institute Voluntary Design Guide for 2009. You can rest assured that all Dinky Di Sheds are specifically engineered to the highest Australian Standards possible and are more likely to withstand extreme weather events than others who are not engineered to the same standards. Which ever way you look, a *Dinky Di Shed REALLY STACKS UP!*

OLD AMERICAN BARN

These make great farm sheds or maybe a horse stable. You can add a mezzanine floor for storage upstairs.

GOT CHOOKS?

Hate Constantly Feeding Them?
Rodents and birds eating their food?

GRANDPA'S CHOOK FEEDERS

...are made to save you time and money by eliminating the need for daily feeding and stopping the significant amount of food lost to rats, mice and wild birds. These are the ideal feeders for 1-50 chooks, allowing you to enjoy the goodness of your own farm fresh eggs without attracting pests and their associated diseases.

GRANDPA'S FEEDERS, developed and sold in New Zealand for over 12 years, have become hugely popular and are now considered standard equipment for keeping poultry.

Automatic chook feeder

- ✓ Feeder lid opens when chook stands on platform
- ✓ Strongly constructed with galvanized steel
- ✓ Water proof

Standard holds 9kg \$195 + p&p
Large holds 18kg \$275 +p&p

Satisfaction Guaranteed or Money Back!

For happier, healthier, more productive chooks contact;
www.grandpasfeeders.com

Ph: 0406 154 274 E-mail: grandpas@iprimus.com.au
Postal: 341 Barwon Heads Rd, Marshall, Victoria 3216

COUNTRY & NORTHERN TERRITORY DEALERS WANTED

The Picket Post Driver

Takes the hard work out of fencing

REGISTERED DESIGN No. 126405

This air tool has proven its worth in the harsh terrain of many different areas around Australia, building long, strained fencing in record time. It will drive steel posts through shale, black soil surfaces, rocky ground and bitumen, also into ironstone and sandstone. It will drive steel fencing posts, various sized tubular posts, various sized timber posts, and vineyard trellising posts. The tool requires a minimum air supply of 17 cfm - for the farmer 35 cfm - for the fencing contractor. 12 months warranty, weighs 18kg.

OPERATOR MUST WEAR EAR PROTECTION

Retractable Air Hose Reel

- ✓ Complete with 25 meters of 1/2" hose and quick release fittings
- ✓ Can connect to Picket Post Driver & Clip Gun
- ✓ Hose retracts very easily
- ✓ All metal construction

Marchant Clip Gun

The Marchant Clip Gun is an air driven, hand held tool ideal for attaching clip lock or chain mesh to your fence line.

- ✓ Operates at an air pressure of 90 to 100psi
- ✓ Requires minimum 8cfm compressor
- ✓ Clips are easy to reload in strips of 100
- ✓ Clips readily available for order
- ✓ 12 month warranty
- ✓ Plus FREE box of 10,000 zinc-aluminium clips

Protect hands from injury with puncture & cut resistant gloves

Far superior to other gloves & designed with a new unique patented material that give you peace of mind when performing many tasks on the farm or workplace.

Daiken Multi Head Pliers

Daiken Multi Head Pliers increase applied leverage by 60% greatly assisting the user to cut, tie and twist high tensile wire. The interchangeable heads included are - Long Nose, Side Cutter and Conventional Pliers. This product also comes with a handy nylon belt pouch for easy use in the field.

FENCING & NETTING

SAVE FINGERS AND MEGABUCKS

- ✓ Build & maintain all your fences
- ✓ Spend minimal time, effort and money
- ✓ Highly acclaimed fence strainer for over 20 years!

TWITCHER™
Unbelievably Simple!

Building or repairing a tired old fence has never been so simple!

Place the actual Twitcher™ in the fence line, attach the crank applicator and wind until the desired tension. (Twitcher™

stays in wire) Any time thereafter, if the fence slackens, simply re-attach the crank applicator to the Twitcher™ in the fence line and restrain. To build a new fence, simply tie off on end posts and strain up with the Twitcher™. Prices from \$1.03 to \$2.15 - pending quantity. ■

TWITCHER Starter Kit:

Upsized Contents: 1 applicator, 10 twitchers + 3 Wire Joiners
Only \$58.50 DELIVERED

NEW & SIMPLE WIRE JOINERS

From 78 cents to \$1.44ea pending size and quantity

Units come with our exclusive 5 YEAR Gearbox Warranty

"Solve Your Bird Problems"

With my Hawk Bird Scarer OR your money back guaranteed.

This scarer will save you money because it only costs \$35 and it is guaranteed to work on vineyards.

"I have used Hawk Bird Scarers since 1995 and I will need more this year!" Neil Thiele, Mudgee Estate Vineyard, Taree, NSW.

The full size replica of a hovering hawk, is made of tough weatherproof plastic so it lasts.

"I purchased one from you several years ago with great success on my half acre of fruit" Ray Connor, Eaglehawk, Vic.

You can protect your stone & pome fruits, walnut, berry or broad acre crops on calm or windy days because you suspend your hawk over or near your crop. No power, wind or poison needed which protects the environment.

Your Hawk Bird Scarer looks real so it scares all birds including Cuckoos, Crows, Gulls, Canaries, Starlings, Blackbirds, Doves, Jays, Myiads, Silver Eyes & Parrots.

Other uses: Scare Pigeons, Swallows and Seagulls roosting on boats, sheds, verandahs and roofs. Scare ducks off dams & swimming pools. But does not give 100% results for Sparrows.

"Your new Hawk Bird Scarer replaces the old fashioned Scare-Crow!"

Order now & you will receive a Free 38 Page Booklet on Bird Scaring Techniques.

Bothered by ringing in your ears?

If you have

- Work related noise
- Ringing in the ears
- Blocked ear
- Dizziness or vertigo
- Not hearing clearly
- Background noise trouble

help is at hand.

Many ear problems can result from noise exposure, infections and other stresses to the nervous system. If left untreated long term loss of auditory function may result. Recent research on hearing and brain responses offers new hope for tinnitus sufferers. Sound Therapy re-educates our auditory system and may offer relief for ear related problems. Listen while you work or sleep, taking no time out of your day.

Free Consultation - Value \$50 NO OBLIGATION

What our listeners say:

"I suddenly realised I didn't have tinnitus any more!"
Kevin Fleming, panel beater

"Since Sound Therapy the tinnitus has faded, my hearing has improved significantly and so has my memory!"
Dave See, truck driver

"Through Sound Therapy I probably obtained the best hearing I'd ever had in my life, reversing the nerve deafness and tinnitus"

Ian Patterson, electrician

Yes, I'd like to learn more!

Save money on Termite control

A proven do-it-yourself termite nest killing system, designed especially for homeowner use by the author of three termite text books can save you BIG money. Detecting and killing termites while they are still out in your backyard is no longer complicated. And, it's now so ridiculously inexpensive you'll wonder why you are risking your house and buildings in a gamble with termites.

Termites are everywhere (count on it). They know where you live and it could be just a matter of time before your luck runs out.

You owe it to your bank balance to read the following advertisement and phone for an information pack or check out their website...

TERMITETRAPS

It may cost only \$370 in the first year... after that, the system runs on old cardboard

Kill the termite nests out in your backyard... before they attack your house!

SAVE BIG \$\$\$

Get TermiteTraps

- You set and check them
- You add the treatment
- The termites self-destruct
- Job done!!!
- Re-set again

A TermiteTrap hard at work

TermiteTraps: 6 per carton for \$220
 Treatment pack: 500g for \$150
 Prices include delivery by AUSPOST
 Money back if they're not as you expected

The "we've arrived" mud signal easily visible through the clear top cap.

3 tone audio discrimination

3 levels of search mode

Easy to read meter

Large 20cm/8" waterproof head

- Large 20cm/8" waterproof search head
- 3 tone audio discrimination
- Additional super fine discrimination to eliminate small items of unwanted metal and junk
- Large, easy to read meter
- Target pinpointing
- 3 levels of search mode: VIS, TR1 and TR2
- Comfortable, ergonomic, lightweight design
- Audio volume control
- Built-in speaker
- Ground balance control to compensate for ground with high mineral content
- Low battery indicator LED
- Very low frequency for accurate targeting of non-ferrous metals.
- Variable shaft length
- Arm support
- European CE approved
- ROHS component compliant

EASY TO HANDLE

The GC-10 is very lightweight, it has an ergonomically designed handle and forearm support that ensures many hours of tireless use. It also has a fully adjustable shaft length and a large, easy to read meter to prevent stooping. The GC-10 comes supplied with two 9V batteries.

FREE HOME TRIAL

This discriminating detector offers unbeatable value for money. However, in addition to the exceptional price, we are also offering a three-month risk free home trial. Order now and you can try the GC-10 discriminating detector at home for three whole months. If after the three months you have not found any valuable items, or if for any other reason you are not completely satisfied, just send it back for a full refund - **GUARANTEED**.

VALUABLE FINDS FROM AROUND THE WORLD

(Taken from Metal Detector Magazine and Websites April 2007)

Description	Value
4th Century Roman Bronze dog	\$1,500.00
Viking Silver bracelets	\$84,000.00
1000 Iron Age Coins	\$150,000 - \$300,000
Stuart Period coin	\$750.00
Bronze Age Gold Cup	\$135,000.00
Gold Coin	\$2,400.00
Two Historic Coins	\$300 and \$450
Iron Age Necklace	\$195,000.00
156oz Gold Nugget	\$136,000.00
Gold & Diamond Engagement Ring	\$6,000.00

WHY ARE WE GIVING THESE PROFESSIONAL GRADE METAL DETECTORS AWAY?

They have been around for years. There was a craze for them in the 70's and now the metal detectors are back with a vengeance. We have just secured 500 of these professional quality discriminating metal detectors direct from the manufacturer for an incredibly low price. That is why we are able to give them away for just \$199.95.

But you must hurry, stocks are limited.

PROFESSIONAL DETECTORS NOW AFFORDABLE FOR EVERYONE

Do not misjudge the quality of these professional grade metal detectors simply by the incredibly low price. Over the last few decades the technology behind metal detecting has improved greatly and by buying direct from us you can now own a professional grade discriminating detector worth \$1000-\$1500 a few years ago for less than \$200.

DISCRIMINATING DETECTOR

The GC-10 metal detector uses the latest discriminating technology. This advance in technology means that the detector can tell what type of metal is buried underground so you can quickly eliminate old cans, ring pulls and other worthless objects - or focus on metals such as bronze, silver and gold - the things of real value.

WATERPROOF HEAD

The GC-10 can be used anywhere, even in water. The large (200mm) search head is completely waterproof so you can use it in shallow water, on a beach or a damp and muddy field without damaging the detector. You can take the GC-10 to places other detectors can't go.

Farm Power Failures - considering the options ?

NEW!!!
For full protection against burn-outs, a Hz sensitive circuit breaker is now available.

PTO Driven Generators: These gensets make use of tractor power instead of a directly connected diesel motor. Be aware PTO generators have extra needs.* First make sure the tractor driveshaft horsepower is sufficient to enable the PTO genset to safely start all required electrical equipment under black out conditions* for electrical motors, startup power demand is much higher than operating demand.*Cudagenerators recommends that the tractor horsepower should be double the Kva output of the PTO genset, this power margin is necessary because the tractor must be able to maintain the constant PTO speed needed to keep the genset operating at a frequency of 50 Hz* as larger electric motors are started, the PTO load will increase instantly.This can result in power and frequency fluctuations* The tractor engine governor on an under-powered tractor will tend to overcompensate when the electrical load increases,resulting in a power rev drop, followed by a surge of power and revs as the engine fights to respond. This surging can cause serious problems. Diesel engine gen-sets have a special governor designed to handle these sudden load fluctuations* While most electric motors are reasonably robust electronic plant controllers are especially sensitive to frequency variations caused by rev changes. Our range of PTO generators are set up for fixed installation and are all fitted with STAMFORD ALTERNATORS 240v single phase or 240/415v 3 Phase (other voltages available) Units are complete with a full set of gauges and circuit Breaker. Options include: 3 point linkage,trailer mounted and weather cover. Cable, plugs and change over switch available.

Prices....15Kva \$3500, 20Kva \$3800, 24Kva \$4000, 30Kva \$4300, 37Kva \$4600, 50Kva \$5000 , 62Kva \$5600, 76Kva \$6000, 100Kva \$7200, 125Kva \$8200

ENGINE Driven Standby Generators: Cudagenerators recommends Yangdong engines for 10 to 20Kva generators and Ricardo engines for 24 to 150Kva Generators. Both these engines are suitable for 8 to 10000 hours of running, this equates to 10 to 15 years as a standby set. If you require a engine to operate longer hours, we recommend, Isuzu for 18 to 30Kva and Deutz for 30 to 140Kva. All of our sets are fitted with STAMFORD ALTERNATORS 240v single phase or 240/415v 3 phase. Other voltages available included a full set of gauges, circuit breaker,4 way engine protection, 24 hour base fuel tank, batteries, available as...

Now You Can Get Fast Satellite Broadband

CALL US Today! for our latest offer.

No Matter Where You Live!

We support broadband for all Australians no matter where you live, with support from the Australian Government's Australian Broadband Guarantee

Become a new Satellite Broadband customer with Harbour IT and you'll quickly discover the benefits.

- ✓ Affordable Plans from as low as \$9.95 per month ¹
- ✓ No fixed term contracts ²
- ✓ Free Installation
- ✓ Free 7 days a week Helpdesk support
- ✓ Change your plan at no charge
- ✓ Bonus off peak data more than doubles your data allowance on most plans
- ✓ Hardware cost fully subsidised ³
- ✓ Installation within 30 days ⁴

What is the Australian Broadband Guarantee? The Australian Broadband Guarantee is an Australian Government program to help bring more affordable broadband access to people living and working in remote and rural areas. Harbour IT is a registered Australian Broadband Guarantee Provider. We can provide you with a satellite broadband service where no other Metro-comparable service is available to you.

Am I eligible for the Australian Broadband Guarantee? You may be eligible if you are unable to access a Metro-comparable broadband service, and have not previously received an Australian Broadband Guarantee service. Call us for help in determining your eligibility for a subsidised broadband service.

Customer Benefits

- ✓ Speeds up to 10 - 20 times faster than dial-up
- ✓ Frees up your phone line
