Now You Can Get Fast Satellite Broadband

plus A FREE 19" Flat Screen Monitor

No Matter Where You Live!

We support broadband for all Australians no matter where you live, with support from the Australian Government's Australian Broadband Guarantee

Become a new Satellite Broadband customer with Harbour IT and receive a **FREE* 19" Flat Screen Monitor**

Offer available to the first 300 eligible customers who return all paperwork between 1st June & 31st August 2008

- ✓ Affordable Plans from as low as \$9.95 per month ¹
- ✓ No fixed term contracts ²
- ✓ Free Installation
- ✓ Free 7 days a week Helpdesk support
- ✓ Change your plan at no charge
- ✓ Bonus off peak data more than doubles your data allowance on most plans
- ✓ Hardware cost fully subsidised ³
- ✓ Installation within 30 days ⁴

What is the Australian Broadband Guarantee? The Australian Broadband Guarantee is an Australian Government program to help bring more affordable broadband access to people living and working in remote and rural areas. Harbour IT is a registered Australian Broadband Guarantee Provider. We can provide you with a satellite broadband service where no other Metro-comparable service is available to you.

Am I eligible for the Australian Broadband Guarantee? You may be eligible if you are unable to access a Metro-comparable broadband service, and have not previously received an Australian Broadband Guarantee service. Call us for help in determining your eligibility for a subsidised broadband service.

Call
1300 366 169
To discuss the best plan for you

We look forward to connecting you to the world of High Speed, Satellite Broadband Internet.

Customer Benefits

- ✓ Speeds up to 10 - 20 times faster than dial-up
- ✓ Frees up your phone line

“Solve Your Bird Problems”

With my Hawk Bird Scarer OR your money back guaranteed.

This scarer will save you money because it only costs \$35 and it is guaranteed to work.

"It certainly has stopped the Twenty Nights from decimating my roses!" Nancy Sinden, Goldford, WA, 6435.

The full size replica of a hovering hawk, is made of tough weatherproof plastic, so it lasts.

"I have successfully used Hawk Bird Scarers since 1987 and I will need more this year!" Janis Bacon, Curro Vineyard, Mount Helena, WA, 6082.

You can protect your stone & stone fruits, nut, berry or broad acre crops in calm or windy days because you suspend your hawk over or near your crop. No power, wind or poison needed which protects the environment.

Your Hawk Bird Scarer looks real so it scares all birds including Cockatoos, Crows, Galahs, Corellas, 28's, Jays, Parrots, all Native Birds, Silver Eyes and Lorikeets.

Other insect Scops: Figwags, Swallows and Seagulls roosting on trees, sheds, verandahs and roofs. Scare discs off dams & swimming pools.

Order now & you will receive a Free 28 Page Booklet.

"Your new Hawk Bird Scarer replaces the old Customized Scare-Crow"

on Bird Scaring Techniques. Hawks are just \$35 each here:

You can rest assured that all Dinky-Di Sheds are specifically engineered to the highest Australian Standards possible and are more likely to withstand extreme weather events than others who are not engineered to the same standards.

All orders must be at our factories by 28 September, 2009. SO DON'T MISS OUT!

Prices include GST & are for kit only. Advertised garages and Industrial Buildings are assumed to have at least partial shielding while Rural & Farm Sheds are presumed to be in completely open & exposed terrain. Localised Topography and shielding may effect specific engineering requirements. Our fully trained staff can help with specific site requirements. Pictures are for illustrative purposes only. Errors & omissions excepted.

Farm Power Failures - considering the options ?

NEW!!!
For full protection against burn-outs, a Hz sensitive circuit breaker is now available.

PTO Driven Generators: These gensets make use of tractor power instead of a directly connected diesel motor. Be aware PTO generators have extra needs.* First make sure the tractor driveshaft horsepower is sufficient to enable the PTO genset to safely start all required electrical equipment under black out conditions* for electrical motors, startup power demand is much higher than operating demand.*Cudagenerators recommends that the tractor horsepower should be double the Kva output of the PTO genset, this power margin is necessary because the tractor must be able to maintain the constant PTO speed needed to keep the genset operating at a frequency of 50 Hz* as larger electric motors are started, the PTO load will increase instantly.This can result in power and frequency fluctuations* The tractor engine governor on an under-powered tractor will tend to overcompensate when the electrical load increases,resulting in a power rev drop, followed by a surge of power and revs as the engine fights to respond. This surging can cause serious problems. Diesel engine gen-sets have a special governor designed to handle these sudden load fluctuations* While most electric motors are reasonably robust electronic plant controllers are especially sensitive to frequency variations caused by rev changes. Our range of PTO generators are set up for fixed installation and are all fitted with STAMFORD ALTERNATORS 240v single phase or 240/415v 3 Phase {other voltages available} Units are complete with a full set of gauges and circuit Breaker. Options include: 3 point linkage,trailer mounted and weather cover. Cable, plugs and change over switch available.

Prices....15Kva \$3500, 20Kva \$3800, 24Kva \$4000, 30Kva \$4300, 37Kva \$4600, 50Kva \$5000 , 62Kva \$5600, 76Kva \$6000, 100Kva \$7200, 125Kva \$8200

ENGINE Driven Standby Generators: Cudagenerators recommends Yangdong engines for 10 to 20Kva generators and Ricardo engines for 24 to 150Kva Generators. Both these engines are suitable for 8 to 10000 hours of running, this equates to 10 to 15 years as a standby set. If you require a engine to operate longer hours, we recommend, Isuzu for 18 to 30Kva and Deutz for 30 to 140Kva. All of our sets are fitted with STAMFORD ALTERNATORS 240v single phase or 240/415v 3 phase. Other voltages available included a full set of gauges, circuit breaker,4 way engine protection, 24 hour base fuel tank, batteries, available as...

Save money on Termite control

A proven do-it-yourself termite nest killing system, designed especially for homeowner use by the author of three termite text books can save you BIG money. Detecting and killing termites while they are still out in your backyard is no longer complicated. And, it's now so ridiculously inexpensive you'll wonder why you are risking your house and buildings in a gamble with termites.

Termites are everywhere (count on it). They know where you live and it could be just a matter of time before your luck runs out.

You owe it to your bank balance to read the following advertisement and phone for an information pack or check out their website...

TERMITETRAPS

It may cost only \$370 in the first year... after that, the system runs on old cardboard

Kill the termite nests out in your backyard... before they attack your house!

SAVE BIG \$\$\$

Get TermiteTraps

- You set and check them
- You add the treatment
- The termites self-destruct
- Job done!!!
- Re-set again

A termite trap hard at work

TermiteTraps: 6 per carton for \$220

Treatment pack: 500g for \$150

Prices include delivery by AUSPOST

Money back if they're not as you expected

The "we've arrived" mud signal easily visible through the clear top cap.

FENCING & NETTING

SAVE FINGERS AND MEGABUCKS

- ✓ Build & maintain all your fences
- ✓ Spend minimal time, effort and money
- ✓ Highly acclaimed fence strainer for over 20 years!

Twitcher™ Unbelievably Simple!

Building or repairing a tired old fence has never been so simple!
Place the actual Twitcher™ in the fence line, attach the crank applicator and wind until the desired tension. (Twitcher™ stays in wire) Any time thereafter, if the fence slackens, simply re-attach the crank applicator to the Twitcher™ in the fence line and restrain. To build a new fence, simply tie off on end posts and strain up with the Twitcher™. Prices from \$1.03 to \$2.15 - pending quantity. ■

Twitcher Starter Kit:
Upsized Contents: 1 applicator, 10 twitchers + 3 Wire Joiners
Only \$58.50 DELIVERED

NEW & SIMPLE WIRE JOINERS From 78 cents to \$1.44ea pending size and quantity

Australian Made Farm Machinery

Tandem & Folding Disc Ploughs

TH30 Linkage tandem disc plough. Available in 16, 20 and 24 plate.

New model folding tandem disc plough. Available in 28, 32, 36, 40, 44 & 48 plate.

Grader Blades

6' medium heavy duty hydraulic grader blade. Hydraulic angle and tilt plus manual offset.

Slashers

6' & 7' galvanised contractor slashers with unlimited HP gearboxes.

Aerators

Grow-Master Aerator designed to shatter the compact soil, increasing water and air absorption which in turn encourages pasture growth.

Stick Rakes

Designed for raking sticks, small rocks & trash. Various sizes to suit all tractors.

Posthole Diggers

Planetary drive posthole diggers with hydraulic down pressure, various auger sizes.

Ground Breakers

Designed for breaking up the hardpan. Available in 2.4.6. and 8 tyne models.

PLUS WE HAVE A RANGE OF... CHISEL PLOUGHS, RIPPERS, PIPE LAYERS, POST DRIVERS, BALE HANDLERS, PASTURE HARROWS, MULCHERS, AND MORE
